

Sinnis supports RAF charity ride

Herculean mission: Corporal Dave Winship, Senior Aircraftman Lee Cunnick, Senior Aircraftman Craig Ledicott, and Senior Aircraftman Chris Spencer

Sinnis is supporting service personnel from RAF Brize Norton making an epic road trip for Scotty's Little Soldiers.

Riding Sinnis Falcon 50cc and Sinnis Phoenix 50cc scooters,

they will visit major UK football clubs in a whistle-stop 1000 mile tour to gain footballer signatures and memorabilia.

At the end of the trip the collected items will be

auctioned, alongside the Sinnis scooters, with all proceeds going to the children's charity Scotty's Little Soldiers.

The charity supports children of men and women killed while

serving in the British Armed Forces. It provides Christmas and birthday gifts, treats, trips and activities for families, as well as enabling them to use the charity holiday lodges.

Two-piece rainsuit

£54.90

The new Hevik rainsuit features a waterproof jacket and pants which pack into a transport bag suitable for underseat storage. It's cut is sized to be worn over bike riding apparel. Both jacket and pants are waterproof and windproof with polyurethane coated material backed with a polyester 190T shell using sealed seam construction. They both feature reflective panels.

Size availability is S to XXXL.

Self-adjusting spanner set

£71.12 + VAT

The use of an adjustable spanner or wrench is sometimes frowned on because the adjusting mechanism can become worn and may not fit the fastener very well. A slipping adjustable spanner is dangerous and can also damage the fastener.

These self-adjusting spanners from Laser Tools (part no: 5963) are different; they adjust to the correct size, then tighten their grip as load is applied. The mechanism is self-ratcheting which makes for quick and easy fastener removal.
